AI-use acknowledgement — not approved

OpenAI Codex was used to organize background sources and reproducibility artifacts, assist with code and document editing, and improve language. The accountable author must verify the final manuscript, analyses, citations, code, and disclosure. [THE AUTHOR ANSWERED NO TO APPROVAL ON 29 AUGUST 2026; SUBMISSION REMAINS BLOCKED UNTIL A TRUTHFUL DISCLOSURE IS APPROVED.]

Required author action

Replace every remaining bracketed field, confirm the conflict declaration and a truthful AI-use statement, and verify that the title-page identity exactly matches the submission-portal account.
